

CYCLE STOP VALVES

HOW WOULD YOU LIKE TO HAVE CONSTANT PRESSURE IN YOUR GREENHOUSE OR NURSERY?

ABOVE: 2" Cycle Stop installed at Roseland Vineyard, Crozet, VA

Left: Fourteen gallon tank with a CSV-1... 2 HP submersible runs 2 households and a drip system.

ADVANTAGES

- Delivers constant pressure at any flow rate
- Makes variable flow pump out of any constant speed pump
- Eliminates the need for unreliable VFD's (Variable Frequency Drives), outdated water towers and expensive large pressure tanks
- Stops pump cycling (save \$ on electricity)
- Prevents water hammer
